Supplier-provided technical data

Multi-channel data acquisition instrument

Supplier: NiuBoL
Manufacturer model: TY511
Archive SKU: TY511
Price, availability, delivery and warranty: confirmed by quotation.

Multi-channel data acquisition instrument supplied by NiuBoL. Select the required configuration and request a quotation for price and availability.

Select the required configuration for your intended monitoring task. Supplier-stated ranges and performance figures are reproduced below. Source differences require confirmation of the supplied version; no retail price, stock, warranty duration or delivery commitment is inferred.

Configuration and measurement limitations

• The supplier lists an adapter, antenna, cable and terminal blocks, and its dimensions note excludes antennas/other accessories from that measurement. Confirm the actual supplied contents in the quotation; the dimension note is not treated as a proven exclusion from shipment.
